10 ➔Section 139. KRS 5.010 is amended to read as follows:

11 For the purpose of this chapter:

12 (1) The boundaries of the legislative districts created by this chapter shall be those
13 shown on the maps generated by the Legislative Research Commission's geographic
14 information system to accompany a redistricting plan enacted into law. The official
15 copies of these maps shall be on file with the State Board of Elections. A duplicate
16 set of maps and associated population information shall be retained by the
17 Legislative Research Commission.

18 (2) (a) Designated precincts are those precincts in existence on July 15, ***2010***~~[2000]~~.
19 Precinct boundaries shown in the maps referred to in subsection (1) of this
20 section are taken from county precinct maps and verified and corrected by the
21 Legislative Research Commission staff in consultation with county election
22 officials.

23 (b) Census tracts and blocks shown in the maps referred to in subsection (1) of
24 this section are those utilized for the making of the ***2010***~~[2000]~~ United States
25 Census.

26 (c) Population data utilized for redistricting is the ***2010***~~[2000]~~ United States
27 Census Pub. L. 94-171 population data that was deemed to be official by the

United States Secretary of Commerce on or before July 15, ***2011***[~~2001~~], and election precinct population data prepared by the Legislative Research Commission staff from the official Pub. L. 94-171 population data.

➔Section 140. (1) Because of space constraints in the word processing program for bill drafting, the column for the precinct names given in the tables describing the legislative districts within this Act has been truncated so that in some instances the entirety of the name has not been given within the table. The precinct codes reflected in these tables are those of the State Board of Elections, and these codes shall control over the names given in the tables. In codifying this Act, the Reviser of Statutes is directed to include the full name for any precinct whose name has been shown in a truncated form within this Act, based on the precinct code number given on the affected line.

(2) In the tables for legislative districts given in this Act, the single listing of a county or a precinct within a county indicates that all of the territory of that county or precinct is within the specified district. If the name of a county or precinct is given on a separate line but the county is then repeated with precinct names or the precinct is then repeated with census tract and block numbers on additional lines, this indicates that only a portion of that county or precinct is within the specified district. In codifying this Act, the Reviser of Statutes is directed to remove the separate line entries for counties and precincts in those cases where the entire county or precinct is not within the specified district.

➔Section 141. County boards of elections shall meet immediately following the effective date of this Act for the purpose of reviewing the district boundaries established by the General Assembly in this Act. In the review process, the county boards of elections shall ensure that each county precinct boundary does not cross the district boundaries established in this Act. If a county board of elections determines that any precinct boundary crosses a district boundary, or is so informed by the State Board of Elections in consultation with the Legislative Research Commission, the county board of elections

1 shall issue a proposed precinct establishment order to the State Board of Elections
2 altering the precinct boundary, or creating, dividing, or combining one or more precincts,
3 so that no county precinct boundary crosses any boundary listed in KRS 117.055(1)(a) to
4 (g). Any alteration of precinct boundaries required by this section shall comply with the
5 provisions of KRS 117.055 to 117.058 and shall be completed by the county boards of
6 elections and approved by the State Board of Elections no later than January 28, 2014,
7 KRS 117.055(3), 117.0553, and 117.056 to the contrary notwithstanding. If a county
8 board of elections fails to comply with the requirements of this section, the State Board of
9 Elections shall apply to the Circuit Court of the county for a summary mandatory order
10 requiring the county board to perform the duties of this section and shall not submit
11 claims for payments to the county under KRS 117.343 and 117.345 until the State Board
12 in consultation with the Legislative Research Commission determines in writing that the
13 duty has been performed.

14 ➔Section 142. The General Assembly intends that the Senatorial District plan and
15 the Representative District plan in this Act be considered separate enactments, and if one
16 district plan is for any reason held invalid by a court of competent jurisdiction, such
17 judgment shall not affect, impair, or invalidate the remaining district plan, and to this end
18 the provisions of this Act are intended to be severable.

19 ➔Section 143. Whereas the districts established by this Act shall be effective for
20 all elections held after the date of enactment of this Act, and because certain statutory and
21 other deadlines impact elections held after the date of enactment of this Act, an
22 emergency is declared to exist, and this Act takes effect upon its passage and approval by
23 the Governor or upon its otherwise becoming law. In the event this section is for any
24 reason held invalid by a court of competent jurisdiction, that judgment shall not affect,
25 impair, or invalidate the remainder of this Act, and to this end the provisions of this
26 section are intended to be severable.
